Source: *Foundation Giving Trends* (2000), The Foundation Center. All Dollars expressed in thousands, due to rounding, figures may not add up.

*Based on a national sample of 1,009 U.S. larger foundations (including 800 of the 1,000 largest ranked by total giving), grants of \$10,000 or more. For community foundations, only discretionary grants are included. Grants to smaller local foundations are not represented. The difference between total grants awarded and total grants received represents grants to overseas recipients.

¹Geographic regions as defined by the U.S. Bureau of the Census.

²Because they lack very large foundations, 6 states were not represented in the foundation sample; however, grants were awarded in all 50 states
