Source: The Foundation Center, *Foundation Giving Trends* (2004). All Dollars expressed in thousands, due to rounding, figures may not add up.

*Based on grants of \$10,000 or more awarded by a national sample of 1,005 larger U.S. foundations (including 800 of the 1,000 largest ranked by total giving). For community foundations, only discretionary grants are included. Grants to smaller local foundations are not represented. The difference between total grants awarded and total grants received represents grants to overseas recipients.

¹Geographic regions are those defined by the U.S. Census Bureau.

²Five states were not represented in the foundation sample; however, grants were awarded in all 50 states.

³Total for grants received includes 91 grants totaling \$3,536,958 to recipients based in U.S. territories (American Samoa, Guam, Puerto Rico, and the Virgin Islands).
